

A message from our director, Lena Graham

Welcome to our web site!

Here you will find information about both the care and education activities at Our Place.

We have a team of dedicated managers and care staff who work hard to provide the platform for the young people in our care to achieve their full potential in life.

By coordinating our activities between the residential home and the school we provide a holistic approach to supporting the young people through their life experiences combining a balanced mixture of learning and play.

We believe that each young person is unique, and this guides our bespoke approach to their care provision.

I hope that you can find the information you are looking for on the site. If you have any further questions, please contact me – director@ourplacegroup.com
